Some especially strong ones for Reels
If your goal is to make these highly shareable product-promotion images, I'd particularly highlight:

/gravitydefying — Product appears to defy physics
/timesquare — Massive 3D product takeover in Times Square-style environment
/3dbillboard — Product breaks out of a giant digital billboard
/giantproduct — Product becomes enormous compared with the environment
/miniatureworld — Tiny product becomes the centerpiece of a miniature world
/hologramproduct — Futuristic holographic product advertisement
/waterexplosion — Product surrounded by dramatic frozen water splash
/firestorm — Product surrounded by cinematic flames
/productportal — Product emerges through a glowing dimensional portal
/citytakeover — Product dominates an entire cityscape
/unexpectedscale — Extreme scale contrast designed to create a “WOW” effect
/impossibleadvertisement — Surreal advertising concept that looks physically impossible
